

## HIGH VELOCITY PROTECTION

Safe and sure hands are crucial in any combat situation. Wiley X Gloves offer the ultimate in hand protection while allowing for maximum dexterity. That's why many are ACGAPL and NAVAIR approved and Team Soldier Certified.

Inspired by the shadowy realms of covert operators, Wiley X Black Ops was created for elite-level military personnel, law enforcement personnel, and hard-core shooters. Black Ops fuses stealth design with the High Velocity Protection you've come to expect from Wiley X: shatterproof lenses and nearly indestructible frames that exceed ANSI Z87 standards, Top Down™ ventilation, Rx-ready frames, and removable foam Facial Cavity™ seals. High velocity protection, sleek style – Black Ops is the only eyewear worthy of those who wear it.
