- Printers, keyboards, storage, speakers, headphones, power supply, monitors, projectors etc..

### NETWORKING EQUIPMENT

- Networking, storage, routers, switches, cables, etc...

### SOFTWARE

- IT management software, design software, capture software, data protection software, etc...

### SUPPORT SERVICES

Hardware and accompanying service contracts / extended warranties

## INFORMATION TECHNOLOGY SOLUTIONS FOR THE GOVERNMENT SECTOR

As a contract team leader for Synnex's GSA Information Technology Schedule 70, (GSA Schedule GS-35F-0143R) CNC Federal brings a wide breadth of IT related products and services to our Government customers. Taking into consideration the vast array of TAA compliant products available through CNC Federal's GSA Office Supply Schedule 75 (GS-02F--0107U), the large breadth of product categories and services offered on schedule provides an opportunity for our government customers to simplify the

acquisition process and save valuable time and budget dollars.

CNC Federal can deliver what your acquisition department needs when and where you want it—locally, regionally and nationally. For more information on the products and services available on our schedules please contact us at [info@cncfederal.com](mailto:info@cncfederal.com) or 866-826-8704.
